The Buckingham Family Endowment was established by Robert P. Buckingham in honor of his brothers and relatives who graduated from UND, as well as his father and grandfather, E. J. and George W. Buckingham. For the upcoming academic year, the endowment will provide up to ten $1,000 scholarships to incoming freshman or transfer students who have declared electrical engineering as their major program of study.

Qualified recipients of the Buckingham Electrical Engineering Scholarships must be enrolled full-time at the University of North Dakota, be classified as either freshmen or incoming transfer students, and have a declared major of electrical engineering. Recipients will be identified by the appropriate scholarship selection committee and shall have demonstrated strong abilities in both mathematics and English written communication, together with a desire to become successful engineers and contributing members of society.

Freshmen applying for the Buckingham Electrical Engineering Scholarship should complete the attached application form, enclose two letters of recommendation (one from your high school mathematics teacher and one from your high school English teacher), and enclose a one-page, double-spaced essay addressing why you have selected electrical engineering as your future career.

Transfer students applying for the Buckingham Electrical Engineering Scholarship should send copies of their high school and college transcript(s), along with the application form and essay. No recommendation letters are required for transfer students from other colleges/universities. Applications can be mailed to: UND Electrical Engineering, Upson II Room 160, 243 Centennial Drive Stop 7165, Grand Forks ND 58202-7165.

Applications should be received by April 1. You will be notified of the scholarship award decision in late spring/early summer. If you have questions regarding the scholarship or the application process, please contact Ashley Miller, Outreach & Student Experience Coordinator, College of Engineering and Mines, Upson II Room 365E, 243 Centennial Drive Stop 8155, Grand Forks, ND 58202-8155, Tel: 701.777.3390, Email: ashley.miller@engr.UND.edu
