

UND School of Engineering and Mines

ACADEMY

Sheila J. Galegher

Born: May 31, 1960, Grand Forks, ND

Education: UND BSChE 1982
MSChE 1984

Career Experience

- 1983-86 Research Engineer to Research Supervisor,
UND Energy Research Center
- 1986-99 Project Engineer to Principal Program
Manager, Radian Corporation
- 1999 - Vice President and Strategic Account
Manager, CH2M HILL

Accomplishments

- Sustained track record in managing major technical programs for clients in defense, utility, petroleum, chemical, and agricultural commodity industries
- Created, mentored, and managed teams that successfully completed large-scale programs in emerging business areas (e.g., information technology implementation, compliance with new EH&S regulations, transformation of environmental liabilities into value-creating assets)
- Leader in CH2M HILL's re-emergence as a leading private sector full-service environmental services firm
- Led successful procurement strategies and teams for global contracts with several Fortune 100 chemical and manufacturing clients
- Set bench-mark example as Strategic Account Manager and Program Director of CH2M HILL's largest private sector environmental account
