The Department of Mechanical Engineering at the University of North Dakota seeks an experienced, enthusiastic individual to join the department as a senior lecturer in August 2013. The position is a 9 month, benefitted position renewable annually. Minimum qualification is a master’s degree in mechanical engineering or a closely related field. Candidates with industrial experience are preferred. Criteria for selection: promise of excellence in engineering education, breadth of teaching abilities across mechanical engineering topics, and excellent written, verbal, and interpersonal skills. Additional information about the department is available at [http://engineering.und.edu/mechanical/](http://engineering.und.edu/mechanical/).

Review of applications will begin February 1st, 2013 and continue until the position is filled. Applicants should send a resume, statement of teaching interests, and the names and contact information for four professional references to: Mechanical Engineering Faculty Search Committee, c/o Teri Salwey, Upson Hall II Room 266, 243 Centennial Drive Stop 8359, Grand Forks, ND 58202-8359. UND is an AA/EO employer and women and minorities are encouraged to apply. Veteran’s preference does not apply to this position and appointment is contingent on a clear criminal background check.
