Ethics Requirement:

Our Dean’s office has implemented the requirement that, in addition to the completed Engr 102 write-up, a course in Ethics, similar to our “Phil 250 Ethics in Engineering and Science” also be taken.

If you have already taken an Ethics course, then you do not have to take this certification course. If you do not have any Ethics certification or course, then doing an ethics certification or

Also noted, is the fact that an online short course in Engineering Ethics is acceptable, an example of which is the following:

Course 1:

“Ethics for Engineers”

SmartPros, Ltd
12 Skyline Drive
Hawthorne, NY 10532

Cost: $269.

Course 2:

IEEE course. Pick a certification that interests you

http://ieee-elearning.org/course/category.php?id=42
Cost: $140
