## NOTES

<sup>1</sup>CU-TX's MTH 240 and 2402 combined is equivalent to UND's MATH 165 and MATH 166. Both must be completed at a "C" or higher for transfer.

<sup>2</sup> Course has been approved to transfer back to CU-TX in order to fulfill degree requirements there. Students should connect with CU-TX advisor to confirm steps to have it apply.

List does not include requirements for UND's Essential Studies University requirements; students who have completed a 4-year regionally accredited baccalaureate degree will have all Essential Studies requirements waived per <a href="UND policy">UND policy</a>.

The above plan may not reflect the only path to graduation, nor should it be used as the sole advising document. Students are required to complete all requirements as listed in the UND Academic Catalog for graduation purposes and should work with their UND advisor to confirm progress towards completion. Plans reviewed/revised October 2024 for UND's 2024-2025 Academic Catalog requirements' listings.
